## **Indiegogo Campaign of “Zentree” – Smart Flexible Charging Solution**

Smart IC flexible charging station with soft non-slip silicone rubber surface

HONG KONG, 29 January, 2016

Thermal Solutions specialist *GELID Solutions* unveils the campaign of the *Zentree – Smart Flexible Charging Station*, on Indiegogo.

The engineers at *GELID Solutions* have stepped out of their usual product line-up to create an outstanding new mobile device charger. The *Zentree* integrates a smart IC chip to which automatically negotiates the best charging current for any USB charged device. In addition to the smart IC, the surface features a soft silicone rubber 3 dimensional pin array. The pins were specifically designed to accommodate different devices of varying sizes with ease and convenience.

*Zentree* was designed to work with any USB charged device. We've specifically tested Apple™ mobile and tablet devices, various Android™ mobile phones and tablets. Pebble™ watches, Bluetooth™ headsets, even portable power banks.

The *Zentree* is currently on Indiegogo seeking initial pre-orders, and will ship Q1 of 2016. Initial Indiegogo backers will receive a discounted price of USD30. After the Indiegogo campaign MSRP will be USD50.

The *Zentree* conforms to FCC, CE-LVD, CE-EMC, DOE VI and carries a 2-year warranty.

*“The Zentree gives everyone in the office a nice soft surface to charge their devices, and home users a neat charging solution,”* said Gebhard Scherrer, Sales Director of *GELID Solutions Ltd.*
