Launch of “3 Skin Colors for ZENTREE” – Accessory

The multi-color enhancement add-on for the award winning ZENTREE USB Charging Station

HONG KONG, 13 December 2016

GELID Solutions unveils the latest enhancement add-on for the multi award winner ZENTREE USB Charging Station.

The ZENTREE Silicone Skin is made by non-toxic soft silicone rubber. It protects mobile devices from bumps and scratches and it also prevents slip-off. The ZENTREE Silicone Skin comes in 3 beautiful colors:

- White
- Light Gray
- Light Pink

“The 3 different Silicone Skin colors enhance the new feel and look of your ZENTREE. You can easily swap with other color according to your preference,” said Gebhard Scherrer, Sales Director of GELID Solutions Ltd.

The ZENTREE Silicone Skin is available now and has a MSRP of USD 14.99 or Euro 14.99.

ZENTREE USB Charging Station

The ZENTREE is a revolutionary USB charging station which features carefully designed top surface with a soft silicone rubber 3-dimensional pin array to dock multiple mobile devices of varying size and type: Apple™ and Android™ phones and tablets, smart watches, portable power banks, Bluetooth™ headsets, e-readers, action cameras and even bike lights. The ZENTREE is fully compatible to the latest USB charging standards. It provides 4 USB power ports with per-port charging current output of 2.4A max and total power output of 48W max. The ZENTREE also integrates a Smart IC chip which automatically negotiates the best charging current and prevents over-charging after battery's 100% charged.
